ADDITIONAL TRAINING REQUIREMENTS FOR REGISTERED TECHNICIANS SWITCHING CATEGORIES

Prior to performing work in any application category or subcategory that is different from the category in which a registered technician received their original training, they shall receive additional training from a commercial applicator in the following aspects of pesticide application as it relates to the proposed category or subcategory of work:

1. Pesticides to be used, including reading and understanding the label;
2. Application equipment and techniques;
3. Pests to be controlled;
4. Personal protective equipment and clothing; and
5. Environmental concerns, including storage and disposal of pesticides applied.

The commercial applicator providing the training to a registered technician shall be certified in the category or subcategory for which he is providing the training and shall provide proof to the department of such training on the attached form. The form shall be submitted within 10 calendar days of the completion of such training.

Registered Technicians may apply general-use pesticides unsupervised, and restricted-use pesticides only under the direct supervision of a Certified Commercial Applicator.

If you have further questions or need additional help, you may call our office at (804) 786-3798 or email opsclrt.vdacs@vdacs.virginia.gov.
